

Press release

Addressee:	Editors-in-Chief	From: Mafalda Gonçalves
C/c:		Our Ref.:
Date:	08/01/09	No. Pg.:
Subject:	MonteAdriano 1 st company in its sector with international certification	

Management of MonteAdriano Engenharia e Construção SA (MAEC) hereby wishes to inform that it was recently granted an extension of the Certification as part of Quality (ISO 9:001) and Safety (NP 4397) at the international level, as well as the Environmental Certification in Portugal via the ISO 14:001 standard, thereby becoming the first company in the building construction and public works sector to obtain certification for the fields of Quality and Safety in the international sphere, by APCER.

The audit took place at the end of the year, as the extension applies to the market in Angola and Cape Verde and to works in Romania and Morocco, markets where the company intervenes and is operating.

At the same time, the final stage for Accreditation of MAEC's Central Laboratory is taking place, as the audit was conducted by the IPAC. Currently, the company is only awaiting the final document showing proof of Accreditation.

These are major steps that MonteAdriano Engenharia e Construção is taking in order to achieve continuous improvement, as it intervenes in like manner in every market where it is present.

For additional clarifications, please contact the Communication and Marketing Department.

Regards,
Mafalda Gonçalves
